

Breakout Banish Gel

Fast-drying, invisible gel of hydrating Algae, pore-clearing BHA, pore-purifying Sage, Wild Thyme and Eucalyptus essential oils, and a powerful fraction of Australian Tea Tree oil.

It quickly helps clear visible breakouts while forming an invisible film to “seal” skin from pollutants and makeup.

Betaine Salicylate | natural skin conditioner from sugar beets complexed with keratolytic BHA; provides time-released exfoliating action

Sodium Carboxymethyl Beta-Glucan | Biological Response Modifier (BRM); challenges skin to correct imperfections

4-Terpineol | highly purified active fraction of Australia Tea Tree oil; delivers broad-spectrum inhibition of hostile skin flora without irritation or allergens associated with pure Tea Tree oil Inoveol® EGCG (Epigallocatechin Gallate Glucoside) | patented, time-released molecule from green tea, this powerful antioxidant captures irritating free radicals, detoxifies and helps prevent sebum from oxidizing in pores

Dipotassium Glycyrrhizate | soothing molecule from licorice; calms on contact

Sulfur | non-irritating, easily absorbed form of sulfur, visibly degreases the skin and controls excess oil

Chlorella Vulgaris Extract | microalgae from Brittany; helps reduce risk of surface scarring

Eucalyptus, Wild Thyme, Sage | pore-purifying essential oil blend

fragrance essential oils of Eucalyptus, Wild Thyme, and Sage

pH 3.9

SOLUBILITY Water-based gel

Home Care | Apply a small amount of gel over affected pores. It may be applied under or over moisturizer, sunscreen, or makeup, but clean skin is best. Repeat as needed..

CONTRAINDICATIONS: Skin sensitivity to sulfur, essential oils, and plant extracts is possible. A patch test is advised before recommending to highly allergic individuals.
