# Cell Restore

- Targets root causes of aging in cells that produce skin
- 15 cell longevity technologies in 1 perfect solution
- Solves 9 key problems undermining youthful skin
- Corrects 20 signs of aging within 2 days to 3 months

- New signs of aging are slowed or avoided altogether
- Amplifies effects of treatment modalities & procedures

This product is currently out of stock and unavailable.

This Next Generation serum correct 20 signs of cellular aging to encourage skin to look and act younger longer.

Lines & wrinkles minimized - Firmness repaired - Contours redefined - Clarity brightened - Tone evened - Hydration intensified - Smoothness refined Radiance awakened - Redness calmed - Puffiness eliminated - Sun damage diminished - Fragile skin strengthened - Vitality recharged - Repair enhanced - Resilience rejuvenated - Yellow tone diminished - Dark spots faded - Large pores minimized - Visible aging reversed - Skin looks and behaves younger, longer

All action ingredients are included at laboratory or clinically-tested levels.

What makes this product so effective;

Renovage (Teprenone) | Anti-senescence peptide scientifically proven to increase cellular lifespan.

Phyko AI-PF (Hydrolyzed Algin) | super-soother from laminaria digitata, creates revitalizing environment to awaken skin's dormant stem cells; activates youthful firmness and smoother, healthier-looking skin.

Sakadikium (Hedychium Coronarium) | visibly brightens skin's overall complexion, fades discolorations and diminishes yellowing in skin exposed to pollution, blue light and other signs of poorly functioning cellular autophagy.

Detoxophane (Lepidium Sativum Sprout) | enhances cells' resistance to pollutants, protects against environmental stress.

Aquaxyl™ | composed of three simple sugars derived from plant fibers, this cell hydrator optimizes hydration deep within skin's surface.

Arabidopsis Extract | contains enzymes that repair the most common form of DNA damage

Niacinamide | the precursor for the energizing molecule and mitochondrial antioxidant NAD+ required for the formation of the longevity enzyme,

SIRT1, this member of the Vitamin B3 family helps barrier repair, improved hydration, reduces visible redness, pigmentation and signs of aging, and protects against the atmospheric pollutant, PM 2.5.

Vivendin (Resveratrol) | encapsulated, time-released Resveratrol – a powerful antioxidant and SIRT1 booster believed to protect against DNA damage and cell death, boost cellular antioxidant defenses, and increase cellular lifespan. Improves elasticity, reduces sensitivity and addresses deeper signs of aging.

Astaxanthin | the most potent antioxidant carotenoid found to date. An orange pigment from Hawaiian microalgae, protecting cell membranes and Supports the formation of SOD, catalase and glutathione - the three most important antioxidant enzymes in cells. Protects from inflammation, surface dryness, DNA damage by UV, and signs of glycation.

Ergothioneine | the cell's principal energizing antioxidant, restores power to cells, quenching age producing radicals and supporting cellular activities from detoxification to the production of youthful proteins..

EGCG (Epigallocatechin Galltyl Glucoside) | one of green tea's most active molecules, it has powerful antioxidant capacities and soothing properties; captures free radicals, detoxifies and helps prevent the aging effects of stress and pollution.

Cortinhib (Helichrysum Italicum Extract) | super-soothing hydrocortisone mimic inhibits the visible effects of cortisol, controlling signs of aging due to stress.

**FRAGRANCE:** Natural Plant Extracts with a pH of 5.4 and is a Water-based creme gel

**How to Use;** After cleansing, place 2 pumps of serum into palm. While skin is still moist, apply serum first around eyes with third finger, sweeping outward to hairline, face, neckline, décolletage, and behind neck. For best results, wear AM/PM. Immediately apply moisturizer followed by SPF 30 or higher during the day. Use an exfoliant 2-3x's a week to refine skin's barrier.

## **Additional information**

<b>saze</b>	1.7 oz airless pump
-------------	---------------------

**Ingredients**

water/eau (base), cyclopentasiloxane (evaporative slip agent), glycerin (hydrating), niacinamide (multitasking Vitamin B3), carthamus tinctorius (safflower) oleosomes (emulsifier & antioxidant), dimethicone crosspolymer (retexturizer), xylitylglucoside (cell hydrator), PPG-12/SMDI copolymer (delivery vehicle), caprylic/capric glycerides (emollient), dimethicone (slip agent), anhydroxylitol (cell hydrator), betaine (hydrating), arabidopsis thaliana extract (DNA repair enzymes), epigallocatechin gallatyl glucoside (soothing antioxidant), ergothioneine (cell energizer, brightener), haematococcus pluvialis extract (antioxidant), hedychium coronarium root extract (brightener), helichrysum italicum extract (calming), lepidium sativum sprout extract (antioxidant), resveratrol (antioxidant defense booster), teprenone (cell protector), astaxanthin (soothing antioxidant), isoniacinamide (cell longevity), laminaria digitata extract (cell energizer), tocopherol (freshness preservative), glyceryl glucoside (hydrating), helianthus annuus (sunflower) seed oil (lipid-rich plant oil), cucumis sativus (cucumber) fruit extract (natural fragrance extract), butylene glycol (hydrating), ethylhexylglycerin (penetration enhancer), pentylene glycol (humectant), xylitol (cell hydrator), behentrimonium chloride (conditioning preservative), lecithin (liposomal shell), laureth-23 (mild emulsifier), laureth-4 (mild emulsifier), sclerotium gum (hydrating thickener), xanthan gum (slip agent), citric acid (freshness preservative), folic acid (micronutrient), methylpropanediol (antimicrobial preservative), potassium phosphate (pH adjuster), caprylylhydroxamic acid (antimicrobial preservative), phenoxyethanol (antimicrobial preservative), citrus aurantium amara (bitter orange) flower extract (natural fragrance extract), geranium maculatum extract (natural fragrance extract), mentha spicata flower/leaf/stem extract (natural fragrance extract).
