

Detoxifying 3-in1 Hydrating Masque

This multi-tasking creme and sleep masque is infused with Liquid Crystals that create a protective barrier, locking in vital moisture and encouraging repair while you sleep.

It is uniquely formulated with Detoxifying MicroGreens that enhance cellular resistance and promote the elimination of environmental toxins and skin-damaging particles from car exhaust and cigarette smoke.

Sea Buckthorn, a Superfruit native to Europe and Asia rich in barrier-replenishing Omega 3, 6, 7, and 9, keeps skin fresh and healthy. In contrast, Black Raspberry, rich in Omega 3, 6, and 9, support skin suppleness while providing antioxidant protection. Whether used as an overnight sleeping masque, wash-off hydrating masque, or creme moisturizer, the luxurious creme texture penetrates deep into the skin, leaving behind a nourished, healthy-looking complexion by morning.

Does not contain mineral oil, petrolatum, lanolin, synthetic fragrance, parabens, or colorants. No Fragrance with a pH of 5.5. Emulsion

How to Use: This multi-tasking overnight masque can be used in the following ways:

1. Sleeping Masque: Use at the end of your basic skincare routine before bed. Apply an even layer on your face and neck during your PM routine instead of a moisturizer. If you have extra dry skin, apply a thick layer of the masque over all other products. Let masque set for five minutes and massage gently into the skin before going to sleep. Leave it on overnight and rinse it off in the morning.

2. Wash-Off Masque: Apply a generous amount of masque to

clean, dry skin 1-3 times a week. After 15 minutes, rinse well with warm water.

3. Creme Moisturizer: Use as the last step of your basic skincare routine in place of moisturizer to calm sensitive skin recovering from aggressive procedures, environments, and conditions.
