

Eczema Relief Moisturizer

Ultra-creamy moisturizer comforts and calms the skin for a more radiant appearance. Eczema Relief Moisturizer is infused with Pomegranate and Algae extract to provide quick hydration to the skin sealing in vital moisture. Grape Seed and Green Tea extract help provide relief from redness and irritation, while Turmeric Root extract helps relieve dry skin and help conditions like eczema and acne.

Key Ingredients:

Murumura Butter (Astrucaryum Murumuru Seed Butter) is rich in oleic acid that promotes nutrition and moisture to skin

Caprylic/Capri Triglyceride is an oil derived from coconut or palm kernel oil which is an emollient and skin softener.

Kukui Oil (Aleurites Moluccana Seed Oil) is pressed from the nuts of the kukui nut tree, also called candlenut tree, which has skin soothing properties.

Squalane is an antioxidant and occurs widely in nature in plants. Squalane absorbs oxygen and facilitates delivery of oxygen throughout the body to cellular tissues.

Dimethicone protects the skin against moisture loss

Hyaluronic Acid (Sodium Hyaluronate) allows retention of skin's moisture and functions as a lubricant between the connective tissues of the skin which prevents dehydration and wrinkles.

Algae Extract infuses skin with vital nutrients that contribute to fresher and firmer skin tone by increasing cell turnover and collagen synthesis.

Sea Fennel Extract (Crithmum Maritimum Extract) is soothing and has anti-inflammatory properties

Vitamin E (Tocopherol) is an antioxidant that protects skin cells from free radicals

Lecithin aids in skin healing and hydration

Vitamin C (Magnesium Ascorbyl Phosphate) protects skin cells against oxidative damage caused by environmental aggressors,

Grape Seed Extract (Vitis Vinifera) contains Proanthocyanidins which is anti-inflammatory and a potent antioxidant with healing properties.

Ginkgo Biloba (Ginkgo Biloba Leaf Extract) Prevents fragile capillary walls and helps to boost collagen formation and create fibroblast an aid in cell rejuvenation,

Green Tea Extract (Camellia Sinensis Leaf Extract) is an antioxidant, is anti-inflammatory and may help to protect from UVA and UVB radiation damage

Cornflower Extract (Centaurea Cyanus Flower Extract) Has soothing properties

Wheat Germ (Triticum Vulgare) is an antioxidant Vitamin C than any other natural oil. Also delivers Vitamins A, B (B1,B2,B3,B6) Vitamin F (linoleic acid and alpha-linoleic acid). Wheat Germ possesses cell regenerative properties.

Turmeric Root Extract (Curcuma Longa Root Extract) is both anti-inflammatory and a powerful Antioxidant

Pomegranate Extract (Punica Granatum Fruit Extract) a super-antioxidant with astringent, is anti-bacterial and is anti-inflammatory. Hydrates skin and has ability to fight free-radicals.

Wheat Protein (Hydrolyzed Wheat Protein) is an effective pore minimizer.

Glycerin adds water to the epidermal layer while providing

homeostasis.
