

Papaya + Salicylic Gel Cleanser

Papaya Leaf Extract (Carica Papaya)

This non-abrasive ingredient is specific to dead cell digestion. It helps soften sebum, gently exfoliates dead cell buildup, and leaves the skin

silky smooth. Papaya leaf extract is abundant in antioxidants and phytonutrients and contains both Vitamin A and Vitamin C. Papain Enzyme, the natural exfoliant of the Papaya Leaf Extract, breaks down glued surface cells and increases cell turnover.

Salicylic Acid

This ingredient's keratolytic nature aids in dissolving the top layer of the stratum corneum. Salicylic acid is derived from the bark of sweet birch and wintergreen leaves. It is also known for its antiseptic qualities and is acceptable for use on most skin types, except those allergic to "aspirin" or extremely dry or sensitive skin. Salicylic Acid Unplugs blocked skin pores and reduces swelling and redness from pimples.
