## Key Ingredients

*Pomegranate* is anti-inflammatory, helping to calm irritated and red skin. Its exfoliating properties can also help with collagen production.

*Pomegranates* contain antioxidants that help protect skin from sun damage. They also detoxify, which can help clear the skin of environmental stressors.

*Rose Water* is both antibacterial and antiseptic which can help with skin's healing properties. Rose Water is anti-inflammatory which soothes irritation and skin redness. Can calm itching from eczema, rosacea or psoriasis

Since Rose petals are abundant with Vitamins, A,B and E along with phenolic compounds skin is protected from free radicals and oxidative stress and skin's immune cells

*Rose Water* with its tannin and vitamin C properties helps increase collagen production which will reduce the appearance of wrinkles and plump fine lines.

Rose Water balancing skin's natural oils without causing Trans epidermal water loss and with its low PH assist in restoring the acidic layer on the skin surface
