

# Purify + Soothe Hydration Serum

Calming, hydrating, purifying, and cooling elements in our lightweight hydra-gel gets control of sensitive, acne-prone skin that's been over-processed and dehydrated by common acne treatments – including benzoyl peroxide, retinoids, chemical peels, and light and laser therapies

Within minutes, signs of over-processing begin to fade. Skin feels comfortable, moist, and soft, with a noticeable reduction in fine lines. Within hours, surface imperfections are brought under control and skin takes on a remarkably improved texture. Normal-to-oily complexions showing signs of aging due to sun damage and inflammation will also see remarkable improvement with this highly effective blend of purifying, soothing, and hydrating plant extracts and peptides.

This lightweight, hydration gel smoothes to a matte finish. Worn overnight, it helps clear problems so the skin wakes up comfortably hydrated. During the day, makeup stays fresh while problems are kept under control.

Does not contain synthetic fragrance, mineral oil, lanolin, alcohol, color, parabens, or pore-clogging ingredients.

The fragrance of Essential oils wild mint, eucalyptus, lemon, orange, petitgrain, lavender, and Bois de rose with a ph of 5.2
