

Skin So Smooth Pads

This 3 – 1 exfoliating pad is great for brightening, smoothing, and clearing acne.

Mandelic Acid (5%) is an AHA that helps exfoliate and improve the texture of the skin. This ingredient is helpful with skin experiencing dark spots, discoloration, and or dull, dehydrated skin. Mandelic Acid has the ability to unclog pores and reduce inflammation. It helps to regulate sebum production which can lead to fewer breakouts. Acne cysts and pustules respond well to mandelic acid. Lactic Acid (5%) is an alpha hydroxy from sour milk and relieves dry, aged skin. Lactic acid has better water intake than glycerin and has the ability to increase the water-holding capacity of the corneum layer as well as improve the elasticity of the skin. Lactic acid is less irritating on sensitive and dry skin than some of the other AHA ingredients.

Lactic Acid increases cell turnover and helps eliminate dead surface skin cells on the epidermis Salicylic Acid (0,5%) aids in dissolving the top layer of the stratum corneum by virtue of its keratolytic nature.

Salicylic acid is derived from the bark of sweet birch and leaves of wintergreen. It has antiseptic qualities and is acceptable for use on most skin types except those allergic to “aspirin” or extremely dry or extra sensitive skin salicylic benefits help to unclog pores by penetrating deeper into the pore that is clogged with sebum and fatty buildup. It helps rid the glue that binds waste in the pore making it great to use on whiteheads and blackheads.

How to use: After cleansing, dry the skin and use 1 pad over breakouts. follow with a night moisturizer.

WARNING

Sunburn Alert: This product contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterward.
