This light lotion clarifies, brightens, and disinfects the

complexion as it kills acne bacteria. The stabilized oxygen penetrates into the skin by transforming a liquid into a gas, providing an improvement in cell metabolism and an increase in circulation.

Key Ingredients

Aloe Vera has been recognized for many years as being anti-inflammatory, its effects are soothing and astringent. Aloe is excellent for sensitive skin, rosacea, and dry skin.

Hydrogen Peroxide (2%) penetrates the skin by transforming a liquid into a gas providing an improvement in cell metabolism and an increase in circulation.

Chamomile Flower Extract (Chamomilla Recutita Matricaria) is anti-inflammatory, soothing decongesting, antiseptic, and toning. Other benefits are anti-itching and antibacterial with an ability to neutralize skin irritations

Sodium PCA is a humectant Derived from amino acids, sodium PCA is beneficial for all skin types that are dehydrated.

DIRECTIONS FOR USE

After cleansing and toning, apply to the entire face and neck. It may be used twice daily if desired.

Follow with sun protection prior to sun exposure.
